

Nest building –

We are going to be creating a warm, safe home for the birds who live in our lovely woodland!

Meditation

Time to relax and reflect. We will spend time meditating using a guided meditation and listening to relaxing music.

Flying High at Flushdyke

Year 1/2 Outdoor Learning Journey

Muddy artists!

Mud painting – creating portraits using mud and water.

Spring 2

Outdoor cooking

Roasted jacket potatoes topped with buttery cheese.

Simple first aid

The children will be working in pairs to complete simple first aid skills.

Science experiment –

‘Popping bags’ – children will explore an explosive chemical reaction

Outdoor cooking –

Children will watch and learn the process of cooking hotdogs on a fire. They will top these with a sauce of their choice and enjoy!

Collage

A woodland collage, using the outdoor materials from the woodland area, children will be creating a collage using the skills they have learnt in their art lessons.

DT Project

During the process the children will be learning new skills such as cutting vegetables, preparing a meal and understanding when foods are safe and ready to eat!

Summer 2

DT Project

The children will be spending a whole day focusing on their DT project. This year they will be making skewers that they will then cook on the fire and enjoy!

Giant litter pick –

We will be spending time looking after our woodland and making it as clean as possible, working together as a team using litter pickers the children will be making the woodland area the best it can be!

Summer 1
