

Hello Class 2! Welcome to this week's learning programme.

I hope you've all had a great first week back. This should be our last week of remote teaching before we are all back together again properly in our classroom. I don't know about you, but I can hardly wait! It was great to see nearly all of you in our live lessons last week. Hopefully you will manage to do the same again for one more week. I will continue to add appropriate reading books and maths activities to your activelearn accounts each week, and there are some general links below for you to use as and when you wish.
